Intelligent Automation technology lands Louisiana Based company, 360°ia, on the short list of America's fastest growing companies.

LAFAYETTE, August 19, 2019 – This week, Louisiana based tech company, 360°ia (Intelligent Automation), secured a spot on *Inc.* magazine's annual Inc. 500 list, the most prestigious ranking of the nation's fastest-growing private companies. Appearing in the No. 314 spot, 360°ia receives the distinguished recognition ranking within the elite Inc. 500 list.

"I've always loved space and rockets and 360ia has been the closest thing to a rocket that we've ever invented," says 360ia founder and CEO, Frankie Russo. "We expect to see not only great growth come from this company, but more importantly great technology and people."

Ranked No. 2 among the list's Louisiana-Based companies, 360°ia saw a growth of nearly 1500% over the last three years and a revenue of \$2 Million in 2018.

"I'm not new to Inc. Magazines list of fastest growing companies, but being in the top 500 companies is a first for any of the companies I've founded," adds Russo.

Another one of Russo's companies, Potenza Inc., also earned its place on the 2019 Inc. 5000 List, in the No. 2011 spot. This year's ranking marks Potenza's 6th consecutive appearance on the list.

The Inc. 5000 list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Microsoft, Dell, Domino's Pizza, Pandora, Timberland, LinkedIn, Yelp, Zillow, and many other well-known names gained their first national exposure as honorees on the Inc. 5000. 360°ia will be featured alongside the elite companies that make up the Inc. 500 List in the September issue of *Inc.*, available on newsstands August 20.
